

Minutes D22 3.09.22

Approve last month minutes Kyle motion 2<sup>nd</sup> by Jason. Passed.

Secretary Monique report- Went to conference WCRAASC – really enjoyed it. Listened to many different opinions on impact agenda items. This year I will take my group through the agenda items but will only discuss the ones people have an interest/opinion about. We may set up a second meeting to do it if needed. I gave directions to my group on how to look up the background information for themselves if interested.

Treasurer - Eric report is on District22.mn.com See the report. He will update it by tomorrow there's a mistake on it.

Alt. DCM - Michelle – not present

Thomas DCM – Talked about the WCRAASC . About 475 people registered! That is a record. Bring the information to your groups about the impact items get your homegroup involved if possible. EDW equitable distribution of workload is why some of the impact items seem like they are in the wrong category. Come to the Delegates workshop on April 2<sup>nd</sup> it's kind of a smaller version of the west central...impact item discussions.
